Ian Lancey, GRP Solutions Business Director – Bonding Solutions, comments, “We are really excited about exhibiting alongside SABA at such a prestigious event. As their UK & Irish distributor we bring direct knowledge of the UK transport marketplace. This combined with SABA’s MS Polymer range and technical know-how means we deliver bonding solutions across the commercial vehicle supply chain bringing improvements in quality and productivity along with a high standard of service.”

Marc van Goethem, Export Manager of SABA, states, "It will be a pleasure to be joined at this year's CVS by GRP Solutions who knows the UK market and speaks the language of our customers. SABA product specialists will be on hand to discuss our Sabatack® MS Polymer range designed with unique properties for the transport industry including process security, sustainability, simple processing and reliability. We look forward to seeing you."

About SABA:

With an extensive team of R&D specialists and more than 86 years of experience, we are the number one partner for vehicle manufacturers in the transport industry. SABA is committed to providing innovative adhesives and sealants for the transport industry.

The emphasis here lies on MS Polymer technology, with Sabatack® being the main product line. Sabatack® contains no solvents or isocyanates and is consequently both user-friendly and environment-friendly.
